

The camera starts at the city square, quickly zooming in, passing through busy streets packed with cars and people, and finally focusing on a basketball player at the moment of a shot. The camera follows the trajectory of the basketball, getting up close to the hoop, capturing the details on the basketball's surface and the slight vibrations in the air.

Video 1 Reward: 0.747

Video 2 Reward: 1.245

CoT: <think> 1. Semantic consistency: - Video 1 (9/10): The video captures the transition from a busy city square to a close-up of a basketball player taking a shot, aligning well with the caption's description. - Video 2 (8/10): The video shows a basketball player shooting but lacks the dynamic zooming effect described in the caption. ... </think>

Reward: Video 1 is Better

Video 1 CoT: ... In the video: - The scene opens with a man holding a basketball mid-air, ...However, the video does not start with a wide-angle shot of a city square; instead, The only minor flaw is that the video doesn't show an explicit "city square" opening shot, "overall score": 4.8 } ...

Video 1 Reward: -3.859

Video 2 CoT: ... In the video: - The scene opens with an aerial view of a basketball court in an urban setting -... The overall action and camera movement align well with the prompt, but the initial framing lacks the explicit "city square" context, ... "overall score": 4.5 } ...

Video 2 Reward: -3.171

A Sichuan Jianzhou cat is sweeping the wooden floor of a house. Sunlight pours in, and a gust of wind blows leaves into the room. The cat becomes buried under the leaves, but it pops its head out from the pile of leaves, playfully looking around.

Video 1 Reward: -0.011

Video 2 Reward: 0.162

CoT: <think> 1. Semantic consistency: - Video 1 (9/10): The video shows a cat interacting with leaves on a wooden floor, which aligns well with the caption. ... match the description. - Video 2 (7/10): This video also depicts a cat with leaves, but the setting appears more stylized and less realistic compared to Video 1.</think>

Reward: Video 1 is Better

Video 1 CoT: ... In the video: - There is a tabby cat (not explicitly identified as Sichuan Jianzhou) interacting with green leaves on a wooden floor. ... However, the prompt says "a gust of wind blows leaves into the room", but no actual wind is shown, "overall score": 4.00 } ...

Video 1 Reward: -4.843

Video 2 CoT: In the video: - A fluffy, long-haired cat is shown holding a small broom-like object in its mouth — suggesting it's "sweeping". -...However, the cat does not appear to be actively "sweeping" the floor — it's just holding the broom, "overall score": 4.00 } ...

Video 2 Reward: -2.875

A magnifying glass is gradually moving closer to the petals of a flower, revealing the intricate details and textures of the flower as it approaches.

Video 1 Reward: -0.061

Video 2 Reward: -0.847

CoT: <think> 1. Semantic consistency: - Video 1 (9/10): The video shows a magnifying glass moving closer to a flower, revealing its intricate details. This aligns well with the caption. - Video 2 (8/10): The video also depicts a magnifying glass approaching a flower, but the focus seems slightly less sharp compared to Video 1. ... </think>

Reward: Video 1 is Better

Video 1 CoT: ... The video shows a pink flower in a green garden setting, and a magnifying glass (with a blue rim) is brought into frame from the right side, slowly moving closer to the flower's petals — exactly matching the action described. ... "overall score": 5.00 } ...

Video 1 Reward: -2.656

Video 2 CoT: ... In the video, the magnifying glass is stationary throughout — it does not move closer to the flower; instead, the camera subtly shifts focus and framing slightly, making the flower appear more zoomed-in over time. .."overall score": 1.75 } ...

Video 2 Reward: -3.515

A close-up shot captures a flower blooming, from a bud to full blossom, with soft morning light in the background

Video 1 Reward: -1.175

Video 2 Reward: -1.141

CoT: <think> 1. Semantic consistency: - Video 1 (9/10): The video captures the flower blooming from a bud to a full blossom, aligning well with the caption. The transition from bud to full blossom is smooth and logical, though it could be slightly faster... - Video 2 (7/10): The transition is less smooth, with some abrupt changes ...

Reward: Video 1 is Better

Video 1 CoT: ... The video shows a purple and pink striped flower bud slowly unfurling its petals over time — matching the "blooming" action. The background is blurred with warm, diffused lighting consistent with morning sun, fitting "soft morning light" requirement. ..."overall score": 5.00 ...

Video 1 Reward: 2.812

Video 2 CoT: ...In the video, we observe a flower that appears to be already partially open, with petals unfurling slightly, it begins in a semi-open state and gradually opens ...The bloom seems static, the transition from bud to full blossom isn't shown .."overall score": 2.00 ...

Video 2 Reward: -5.437
